# Old wood, new wood, different kinds of wood—they all work together

**GAME BOARDS** Hanging throughout the house are new birchwood game boards by North Carolina craftsperson Diane Allison.

**SAMPLERS** Most antiques in the home are authentic, but Lucia did purchase several New England-style reproduction samplers.

**GINGER BEER BOTTLES** Lucia collects 19th-century stoneware bottles, each stamped with the maker's name and region.

A 1950s Chambers stove suited the needs of the Gine-sins. Lucia designed and had installed a tall copper back-splash. OPPOSITE: Although most floors throughout are original, in the kitchen it was necessary to replace lino-leum-clad floors with planks of salvaged antique white oak, each hand planed. The Shaker-style cherry cabinets were expertly hand built by the former owners.
